Dear Comrades:

We, Activist Group SHISO-UNDO, the Japanese activist group with Marxism-Leninism guidelines of actions, send our greetings of solidarity with KKE upon the celebration of the 95th anniversary of establishment in 1918.

We have been inspired and encouraged by the advanced and indomitable struggles by the Greek working class, led by KKE, particularly since the debt crisis of 2009, and in the midst of the retreat enforced by the dismantlement of the world socialism system i.e. the victory of counterrevolution. The significance of the struggles cannot be discussed without the existence of KKE that has continued to stand at the forefront of class struggles for the 95 years long.

It is getting urgent for the people to reinstate the Marxism-Leninism theory of revolution and to rebuild the international communism movement based on proletarian internationalism. It is our unshakable task to raise the ideological struggles defending the establishment of the socialism system in the 20th century and countering to get over reformism and opportunism.

We express our sincere celebration of the 95th anniversary of establishment of the KKE, while we are being determined to make efforts to regain the deprived proud of the working class in the country of Japan,

With comradely greetings,

YAMASHITA Isao
Chairman
